Arrival by Air:

This gets a little more complicated

First, this meeting is at the Western North Carolina Air Museum (WNCAM) at Hendersonville, NOT the North Carolina Aviation Museum in Asheboro, NC

There are two collocated airports in Hendersonville. Neither has fuel available.

The Hendersonville Airport (0A7) is a non-towered airport that has a 3000-foot paved runway.

There are no published instrument procedures. For further info see:

<https://www.airnav.com/airport/0A7>

The WNCAM Airport (8NC9) has a 2000-foot turf runway 500 feet SW and parallel to the 0A7 paved runway. This airport is not indicated on sectional charts. For further info see:

<https://www.airnav.com/airport/8NC9>

Parking is available on the ramp at the southeast end of the airport and on the grass. We will provide transportation to those that need it to the WNCAM.
