

United Flying Octogenarians Meeting Announcement

- What:** Practice UFO Meeting in Milton, DE
- Where:** **John Chirtea's Hangar**
Eagle Crest – Hudson Airport (DE25)
- When:** 1100 Wednesday October 21, 2020 (Rain date October 28, 2020)

You are invited to attend a UFO Practice Meeting on October 21 2020 at Eagle Crest Airport (DE25) in Milton, DE. Eagle Crest Airport is a residential air park on Delaware Bay near the Atlantic Ocean. The meeting will be hosted by UFO Area Representative John Chirtea at his hangar facility. The airport is a well maintained 3500 grass strip about 2.3 miles from the Waterloo VOR (ATR). Members, guests, spouses, and prospective members are welcome.

No event or task is risk free. But, as pilots, we are accustomed to managing risk. We will conform with all local policies and good practices. We discourage anyone from attending who has been involved in virus "risky behavior", has recently been exposed to folks who have had the virus, are showing relevant medical symptoms, etc. You cannot get the virus unless someone brings it to the event. Testing shortly before you attend would be a plus. Its your decision to attend

Most of the folks in our age group are well behaved and prudent. We will minimize contact with non-UFO members. We will depart from the usual meeting format of a sit-down meeting with a meal. We will provide pizza and soft drinks. A \$15 donation will be appreciated. Most of the activities will be outdoors or in the open-air hanger. Social distancing will be practiced. Please bring a mask for those occasions where you will be closer than 6-feet to other members. Elbow bumps are encouraged. Hand sanitizer and masks for those who neglected to bring one will be available. The class picture will be with masks.

We will practice how to run a meeting in the current virus environment. Perhaps this can be the prototype for future UFO meetings.

If you plan to attend, please contact John Chirtea at trainster@aol.com

You may also contact John at 302-382-5917

Please provide:

Your name

Guests name

Auto or Aircraft arrival

Type and registration number of aircraft if flying in

You can check for updates on this and other meetings at www.ufopilots.org

Arrival by car:

Enter **29633 Eagles Crest Rd., Milton, DE 19968** into your GPS. .

Arrival by Air:

Eagle Crest-Hudson Airport is located just 2 miles south of the Waterloo VORTAC (ATR 112.6). It is charted on sectional charts and is well clear of any restricted, Class B or Class C airspace. Flight following is available from Dover Approach Control on 132.425. It is easy to locate on the south side of Delaware Bay and just south of Delaware Highway 1. Use 122.9 for communications. Depress your mike button 3-times to obtain the Eagle Crest weather. For further information see <https://www.airnav.com/airport/DE25>. 100LL Fuel is available. DE25 may not be available in your nav system database. It is available on your Foreflight database. But the ATR 216/2.3 will get you there. You may also enter a user waypoint in your Garmin at:

38-46.55N 75-14.04W

UFO folks will be available on 122.9 for help parking and airport transportation as needed.
